Mahurangi West Pest

Issue 55, **August 2025**

"Understand the specifics of our peninsula's ecosystem, and design programmes to best support, protect and enhance it." - MWP Vision

Joint CRG & MWP Annual Event
2pm Sunday, 12 October 2025

Kia Ora Mahurangi West and Hungry Creek residents and landowners. This is MWP's 55th update on projects to eradicate pests and improve our natural environment through greater biodiversity.

On August 9th, 14 volunteers pitched in to clear and plant stage I of the overgrown verge at the top of Opahi Bay and Jamieson Roads. Above: Fran Ashton fills a compost bag and Mike Mason strims kikuyu. Left: Paul Jamieson spreads mulch. Centre: Coconut fibre weed mat supplied by Rodney Local Board, is put to good use by Jenny Jenkin, Mike Jenkin and Deb Farquhar (centre). Right: A successful day's work. Our thanks to the Auckland Council for the native plants.

Spring Into Action With Lures

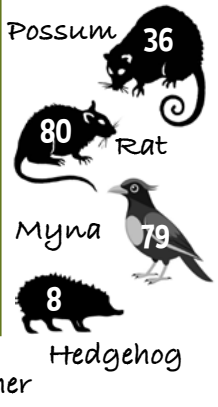

Make every trap an effective trap this spring. Its time to put real or fake eggs into stoat traps. Get in touch with your hub coordinator to top up your lure and bait containers.

Predator Free NZ created this flyer to identify key baits to lure pests to your traps.

Trap.NZ Data For August

Pest Control Tools in the Field: 2,078
Includes 523 Bait Stations
Monitoring Stations: 1

	Total	365 Days	30 Day
